

# Our Objective:

To continuously improve and maintain the standards of pest management service in our province through the ongoing search for information on pest identification, control techniques and environmental concerns. Our training seminars, communications with government officials and Web site [www.pmaapestworld.com](http://www.pmaapestworld.com) help members stay informed and provide pest management services in a safe, efficient and cost effective manner.

## Member Qualifications

- Members must be Ministry of Environment certified and licensed.
